

FEMALE RAIN IN MALE DOMAIN

I should feel lucky for being a man, but then again,
Aren't we all in the same drain of power which drives us insane?
Gimme a couple of minutes to explain my complaint,
I'll try to entertain your brain, but the message will remain!

Yup, it's 21st Century, we're free from domain of the Inquisition of Spain,
We like to brag about the equality, how much more we're humane,
However, on the first step these words prove to be wasted in vain,
I'll take the example of Croatia, my own backyard I shall arraign.

Feminism – ooof, that nasty word invoking migraine!
What do they want? God damn they are stubborn beyond the sane.
We're treating them almost as if they were men, almost the same,
And yet – the ungrateful – like hurricane, they squirt their bane!

Do you now that 20 % of my Government is running female feign?
Wow – that sounds equal – if you ignore mathematical ascertain,
But hey, lets obtain happy inane, smoke some henbane, open champagne,
We're still better than that EU's Parliament Polish lamebrain.

I live in Zagreb, the capital of Croatia, our center of urbane,
And yet, we hold under 2 % of streets with female personal name,
3 squares named after women, which I had to Google Earth on my own terrain,
Oh, well, that's kinda marginal, I had to eyestrain!

There are a lot of reasons causing injustice, but stupidity just might be the main!
Women are considered successful for finding a rich old jerk for material obtain.
Kill their self-confidence with children literature, great to ingrain
The idea of the Prince Charming, the only rescue in this mundane.

So please excuse me if you find my language profane
But if you're a person born with vagina, well, you'll have to restrain,
Human rights! Woohoo – we have achieved a ban for human to be kept in chain,
Holy shit! I'll think my excitement, I will detain.

No, no, no, no, no, please Tremens, don't go on the abortion social stain!
Don't touch the membrane of Pandora's box, there's too much pain!
The God, God, God, only the God gave the preordain,
We'll decide for everyone's life since Abel and Kain!

Finally, let me end my speech with the conclusion to be underlain:
If you get a daughter in your life, you might ascertain,
Politically correct bullshit is just a fake appertain,
We love to dominate, adversaries are to be slain.
